When and how should I register for housing?

You can register for housing anytime between now and the deadline listed in red on your registration instructions sheet. Please follow the instructions carefully, making sure to indicate that you are in a group (note your GroupID and authorization code). If you are responsible for your own summer housing charges, be sure to follow instructions about payment that you will receive after submitting your registration forms.

Can I choose my residence hall?

Because you are affiliated with a group that has prearranged housing for you, your organization has already selected your residence hall and you will not be able to choose one. Participation in a group reservation means that you will be housed in close proximity to others in your organization or program.

When will I receive my room number?

NYU will make assignments after everyone in the group has registered. You will receive an email with detailed arrival instructions and your room number shortly before your reservation begins.

How do I request accessible housing?

Accessible housing requests for individuals with disabilities are determined on a case-by-case basis, as part of an interactive process according to an individual's documented need and prevailing standards to ensure accessibility. In order to be considered for accessible housing, you and your healthcare provider must complete the Accessible Housing request packet for the NYU Moses Center for Student Accessibility. You may email mosescsd@nyu.edu to begin the process or request more information. Please note that if you are approved for a specific type of accommodation, you may be separated from others in your group in order to fulfill your required needs.

What should I bring?

You should bring your own Twin XL bed sheets, blankets, pillows, and towels. You are encouraged to bring a desk or floor lamp to supplement in-room lighting. If your group is assigned to an apartment style hall (with kitchen), you will need to provide your own cooking and eating utensils.

What is the guest policy?

The University currently allows outside visitors, provided they are in compliance with the University's Covid-19 vaccination policy. All residents and their guests must abide by the NYU Housing policies and the terms of the housing license. With consideration to the health and safety of our community members, the guest policy will continue to be updated regularly.

I have more questions!

If your questions are about your group’s reservation, please reach out to your group coordinator. If you have general questions about NYU Summer Housing or how to register for housing, please contact our office at housing@nyu.edu. Please identify yourself as part of a group and include the name of your group with your inquiry.
